**h. Other requirements and instructions**

- 1) Sanya is located in the southernmost of Hainan Island at north latitude 18° with annual average temperature of 25°C ~ 31°C. Please ensure the varieties provided are suitable to the local climate and can display excellent characters at the congress. The amount of seeds provided is not less than twice the actual amount of seeds used for demo, and the quantity needs more than 100 grains. The purity, moisture and germination rate must meet the national standard.
- 2) Please fill in Variety Registration Form with detailed cultivation conditions and requirements of your varieties. Please specify if your variety need any special requirements for the sowing time or management.
- 3) The displayed varieties must have clear intellectual property rights. If there is an infringement dispute on the displayed variety, the seed provider will be responsible.
- 4) Provided sample seeds will be used in three parts: 1. Seedling and planting; 2. Preparing for replanting; 3. Reservation for use in case of disputes. We promise that all sample seeds will be destroyed after the congress to avoid loss of samples and damage to the owner's rights and interests.
- 5) If you have any further queries, please feel free to contact the Secretariat of CNSTA at [cnstaseed@cnstaseed.org](mailto:cnstaseed@cnstaseed.org)  
Contact person: Ms. Yanhui Wang (Emma); Contact number: 18853506706
